

I am so relieved to have been seen by you and your team. Not only did you put my mind at rest you made me feel welcome and comfortable, and your garden is beautiful.

Miss J.C

I wouldn't hesitate to recommend your superb practice for its care, commitment and homely environment. The whole ambience of this very caring practice truly is superb.

Mr M.G.

All of the practice staff are friendly, welcoming and extremely helpful and I would thoroughly recommend them.

Ms S.G.

Reginald O'Neill Dental Care

Implants & Sedation
Welcoming New Enquiries

I am eternally grateful to Reg for providing me with an award winning smile.

Miss L.S.

I saw Reg after being referred from my own dentist for cosmetic treatment. The finished result looked amazing. I was particularly pleased by how natural the teeth looked. I was really happy with the friendly and relaxed service provided to me from everyone I met. All my questions were answered, and seeing the end result was amazing. I can now smile again, something I thought I would never do.

Mr D.K.

The care received was unsurpassed in all my years of going to see a dentist.

Mr D.F.

Thank you for the excellent care. The treatment you provided has been first class.

Miss L.F.

“We want you to feel at home with our award winning team.

Our aim is that you will find a practice that is not only a centre of excellence that sets standards for high quality dental care, but one that is dedicated to making you feel welcome, a calm place where you can relax safely in the hands of an experienced team of professionals.

Find out more about our practice at www.bite4life.co.uk or call us today on 01277 658895”

How can we help?

New patient consultations, second opinions and treatment

All your family's dental health

Prevention and hygiene

Gum and fresh breath health

Dental Implants

Sedation for relaxation

Smile, bite restoration

Facial aesthetics

For more than two decades we have had a special interest in dental implants from our own practice members. If you have been referred by one of our dental colleagues for treatment you can expect to return to them for continuing care afterwards.

Your needs and expectations are an important part of treatment planning and by working together we can address these to your satisfaction.
